Mr. Schreiber,

Mary Ann Wright has today signed the Modification to the Stipulation for Dismissal that you signed and sent by PDF to me. We have met with Mr. Brian Mumford and have discussed the details of the work necessary to submit a revised reclamation plan as detailed in paragraph 1 of the Modification of the Stipulation. DOGM has agreed that the deadline for *completing* the tasks included in paragraph 1 will be March 31, 2007. DOGM will expect to be in contact with you and your consultants as work proceeds on the mine plan in order to review the progress on these tasks. You should anticipate submitting drafts of the information required for review as they are developed so that by the March 31, 2007 deadline Chief will present a completed plan that the Division can review for adequacy and to determine the correct surety amount.

I have filed the executed Modification with the Board and will request that the Board approve the Modification at the October Board hearing.

steve
